

# Survey Field Technician

Ed Holmes and Associates Land Surveyors is currently seeking applicants for Survey Field Technician for full time employment. Said technician will work primarily in the field, but with opportunities for growth, including full survey-related education expenses paid by Company, on the job training and support, and licensure expenses and testing fees paid by Company. Based in Asheville, NC, EHA serves both private and public entities on both design and construction related projects in North Carolina, South Carolina, and Tennessee.

## Description

- Work in a family-oriented team environment
- Excellent pay and full array of benefits
- Execute field surveys such as boundary, topographic, ALTA, as-built, and route surveys accurately and efficiently
- Conduct vehicle, instrument, and equipment care and maintenance
- Use proper surveying techniques and equipment operations
- Develop thorough and accurate field notes, data collection, survey reports, and calculations
- Proactively provide routine communications to supervisors and project managers
- Overtime available at time and a half pay, but not required
- Out of town overnight travel not required

## Position Requirements

- High School diploma
- Valid driver's license and good driving record
- Minimum of 1 year survey experience preferred
- Proficiency using laptop computers, data collectors, and survey related software
- Good communication skills and ability to work in a team environment
- Ability to work outdoors in all types of weather, carry heavy loads, and work long hours
- Ability to work independently or as part of a survey crew
- Trimble Robotics and Trimble Business Center a plus
